This email is to appreciate the class teacher of my daughter Ms. Lissy.

I must say WSS is lucky to have Ms. Lissy and she is an asset to the school.

She has nicely managed the studies and my daughter didn't have to revise since she was well taught in the class. Ms. Lissy knew all sort of techniques to balance the kids studies, their skills and the disciplines of each individuals.

I must say I had a very light-weight year with my daughter's studies and yet she is one of the best in the class. All thanks to Ms. Lissy for hardwork and dedication.

I wish you all a continued success in your organization!

Best Regards,

Ranava's parents

Respected ma'am

I really wanted to appreciate your teaching and the intensity to make a bright student, I am a bright student since KG, but In between the year when I was a bit weak in it, you really helped me to get to the upper levels which every teacher in WSS expect from Mirza, this name every single teacher in WSS knows since I am here since 10 years, you really made a nice reputation of mine in the staff room. Your teaching is really outstanding and the hope and belief you had in me is something I can't express from my words, some things can't be expressed, they have a high position in the heart, this school is my second home, and the teachers are my mothers and fathers of this school. If any of my behaviour or any word or any act hurted you I ask forgiveness and start a bright year next year (Y 11),. I promise you that I will top in IG next year and make this name Mirza a pridedful name in this school. Thank you so much for everything. I hope you will always say the feedback of Mirza in a positive way whenever a teacher asks about me.

THANK
YOU!

Warm Regards
Mirza Jasir Baig

This email is to appreciate Mr. Steaphan.

As a teacher of year 7 boys, I am sure it wasn't an easy task of being the class teacher of 12 years old boys. These boys are just growing up to be teenagers and they are going through tantrums and dilemmas.

I am sure Mr. Steaphan has successfully finished the year and his students received many achievements. My son Oniru has improved in many ways and the most important thing was that Mr. Steaphan kept us in the loop when necessary. He also understood the capacity and capability of my son and handled him well to be at his best for now.

I thank you, Mr. Steaphan and the whole school for a great job well done this year.

Kindly see attached.

Wish you all the best.

Best regards,

I'm the mother of Saad Ibrahimi and Hamda Ibrahimi

I would like to take this opportunity to thank each teacher who has given so much effort to every child in this school.

I would like to thank each Teacher who taught my kids from KG1 until now 🙏❤️

WSS Junior Section Superstar Champions, June 2024!

I am writing to express my heartfelt gratitude for the continuous efforts your esteemed school puts into developing its services. As a parent of a student at your school, I would like to share my personal experience, which has been extremely positive and satisfying.

I had a very negative experience at Mohamed's previous school, where there was poor communication with parents, weak academic performance, and most importantly, I couldn't discover any talent or distinction in my son throughout the year. Consequently, I decided to transfer him to your respected school, based on its excellent reputation for nurturing children in the KG stage. Fortunately, I had the chance to meet Ms. Aisha.

Despite Ms. Aisha's kind demeanor and straightforward explanation of the school's structure and schedule, I was very anxious about my son's experience with school and his teacher. To my surprise, just two weeks into the school year, Ms. Aisha requested a quick meeting on Teams and provided an incredible assessment of my son Mohamed!

What truly pleased me was Ms. Aisha's wisdom in summarizing a lot in just two simple sentences: "It is clear that Mohamed had a bad experience last year, and it's evident that you, as a mother, are doing your best. Don't worry, we will set a plan and catch up on what we missed!" These two sentences restored my confidence in myself significantly.

My son Mohamed is shy, reserved, extremely sensitive, and often cries without any apparent reason. However, this year, he has become confident, stopped crying, expresses himself well, has mastered the basics of reading and writing, and most importantly, he loves school and his teacher!

And I am not referring to the usual encouragement methods. Ms. Aisha insisted on involving him in the class assembly despite his shyness, developing his speaking, listening, and participation skills. She also instilled in him the importance of teamwork. During sports day, she was the first to draw my attention to Mohamed's talent. Because of her, I enrolled Mohamed in a swimming club, where he has shown rapid progress, praise be to God. The swimming coach informed me that Mohamed could participate in his first competition within just three months!

Ms. Aisha also consistently follows up on Mohamed's progress and ensures to share every detail with me. I truly owe her a lot! My experience with your school has been wonderful, and I hope to have another great teacher like her next year.

Thank you very much to you and all the staff at the school for your valuable efforts.

Sincerely,

Wafa
Mohamed Ahmed Moshref mother.

Dear Teachers,

I wanted to take a moment to express my deepest gratitude for all the hard work, dedication, and support you have provided to Ayaan throughout the 2023-2024 academic year. It has been truly wonderful to witness Ayaan's growth and development under your guidance, and we are incredibly pleased with his progress and newfound skills.

Unfortunately, Ayaan is currently not attending school, However, he wanted to make sure that his appreciation was expressed to each one of you. Therefore, he has sent a heartfelt "Thank You" message in the form of an attached image and video.

We cannot thank you enough for the positive impact you have had on Ayaan's academic journey. Your efforts have not gone unnoticed, and we are grateful that Ayaan is in the very safe and capable hands of such dedicated educators.

Once again, thank you for all that you do. Your commitment to nurturing and educating our children is truly commendable.

At the end of the school year, I would like to extend my full thanks and appreciation to you, and I especially thank the father before the teacher, Mr. Mohamed El-Deeb, for what he does with our children. The student's love for the teacher makes him do many, many things in order to please him, and I hope that he stays with them in the fifth grade because he is highly experienced and competent, and it is enough for me as a mother that my son comes from The school understood the lesson and I did not make any effort to study the subject, and this makes us happy as parents. Thank you, Gems School, for choosing teachers like Mr. Mohamed, and special thanks to the teacher, father, and friend, Mr. Mohamed El-Deeb.

Thanks and Regards

Dear Ms.Nirmala,

Good Morning as it is the first email of the day from me!

We haven't met much but I have heard all about you through my daughter Eva ! all about your kindness, grace and being there for the team. I know how difficult it is to merge and manage teenagers who believe they know everything! And then I met you ushering at the door for the graduation event the other day and instantly felt the same warmth Eva keeps going on about. She mentioned the same on the farewell night as well.

I couldn't keep this appreciation within myself and had to be credited where it is due. Oftentimes I have heard her say, she wished you were her form tutor!

Just here to wish you all the best in your future endeavors and how grateful we are as a family to have you by her side when she needed that presence.

Stay blessed.
Eva's mother,Sini

Good evening MS Ayesha,

I'm extremely grateful to have had you as my teacher this year. Frankly speaking, ESL was not one of my favourite subjects, however, your passion and dedication for teaching and watching us improve made the lessons a whole lot easier. I'm so fortunate to have been taught by you, and I truly appreciate how much you care about every one of us, you're the reason got to do better in my English classes.

Thank you for being a great teacher.

Mariam Rafat has always been a unique and inspiring student in everything she does. Even though I was not her form tutor this year, not a day went by without her big, bright smile wishing me a good morning and a good day. I have always believed in her strengths; she is indeed a very hard worker. No matter what the world says, she never steps back from attaining what she believes is right. One such achievement was her TEDx talk. Despite facing a few complications, her no-give-up attitude helped her finally accomplish it. Congratulations, Mariam Rafat, and now it's on YouTube for all of us to watch. - <https://www.youtube.com/watch?> Wishes & Prayers,

Secondary Section News; Y13 Graduation Ceremony, 19/6/24!

I was a child,
 Innocent, credulous and ever so little.
 in rain, in storms, and in dusty haze,
 I sang and danced with simplicity and craze.
 With sticks and stones and my path so fickle,
 Trapped in depths of this never-ending maze.
 Soon stumbled upon a meadow of mellow light overlooking a big blue sea
 And a house filled with warmth and different versions of me
 We played charades under the stairs and more games on tables of glee.
 Started paving our paths with purpose and a future we could foresee.
 We paved and paved and paved and paved.
 And built clear roads we drove our makeshift wagons on, carefree..
 At twilight, we saw moons of earth in the many nooks of this maze
 And explored otherworldly creatures in our books
 We read and read and read and read and woke up to our final dance and song.
 We are happy so why is my heart so brittle?
 Let me stay in our maze we built to a safe haven just a little.

It's true what those cliché Pinterest quotes say "maybe the real treasure was the friends we made along the way" we went from being acquaintances to classmates to best friends, let us also be the people you tell your university problems, the people to you go to discussing opportunity costs, the people your children call aunts and uncles. The people you call friends forever.

Our time in our school was well spent and as we embark into adulthood we now deserve to see the world, and maybe do all the things our parents said no to, and reminisce into our past spent here in our free time from the universities and jobs we worked so hard to get into.

I've always said
 Life is too short to have regrets, so get the ticket to the rollercoaster you're so afraid of riding.
 Life is too tame for you to be stereotypical, so pursue your hearts deepest desires, as in the end, it's only ourselves we're looking after.
 Life is too forgiving so make mistakes, as many as you can, because no one's counting anyway.

To conclude, thank you for making my journey here at WSS so worthwhile, and if you would ask me if I'd do it all again, I would.

Goodbye, Au revoir, and Ma3 salama dearest graduates, looking forward to meeting you in countless future endeavors.

Till then, xoxo
