HAPPY  
READING  
WEEK!

## The Power of Reading

...Reading? We always do it, right!

READING

There are 4 reasons why we should make reading as part of our daily routine:

1. Nurtures the mind
2. Improves vocabulary
3. Helps to improve concentration
4. Boosts creative thinking

Why do you think reading is important?

### WHY IS READING IMPORTANT?

Nurtures the mind

Reading has been proven to keep our minds young, healthy, and sharp.

Improves your vocabulary

Reading exposes you to new words which may become part of your daily vocabulary.

Helps improve concentration

Reading trains your mind to focus and accomplish tasks efficiently.

Boosts creative thinking

Reading can inspire you and awakens the creativity in you.

This week, we celebrate the WSS reading week for Primary and surely everyone will enjoy the activities.

Yes. Let's enjoy reading and have fun.

A child who reads will be an adult who thinks.

Peace, mercy, and blessings of Allah be upon you.

It gives me great pleasure, on behalf of myself and my son, Omar Ahmed, to extend our sincerest thanks and appreciation for choosing Omar to represent the school in the Quran Recitation Competition between schools, held on September 22nd at Al-Amana School. This selection is a great honor for us and reflects your trust in him, which we deeply cherish.

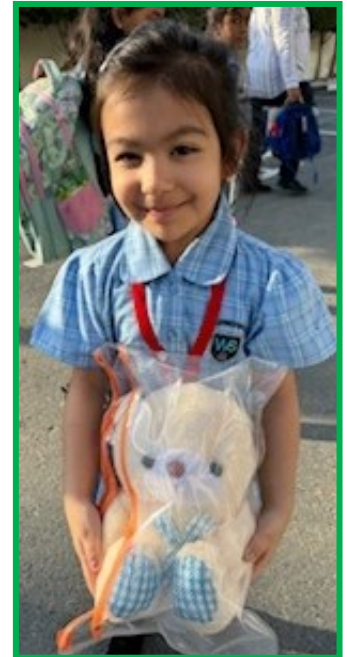

I would also like to express my deepest gratitude for your tremendous efforts in training Omar and his peers, preparing them in the best possible way before the competition. Your hard work and dedication to providing them with proper guidance had a profound impact on Omar's outstanding performance during the competition, which filled us all with pride.

Your continuous encouragement for our children to memorize and recite the Quran, guiding them towards excellence, reflects your noble character and commitment to your sacred mission. As the Prophet (peace be upon him) said, "The best among you are those who learn the Quran and teach it."

I promise you that Omar will continue to put in the effort and training to improve and perform even better in future competitions, God willing. We ask Allah to reward your work and grant you the best in this life and the hereafter.

Dear Teacher Mr Dhayan,

We wanted to take a moment to express our heartfelt appreciation for the wonderful assembly that you and the students organized. It was truly a delight to witness, and we were incredibly impressed with how smoothly everything ran. We are especially proud of our son (Abdul hadi imran) for the role he played, and I am very pleased with the confidence and poise he displayed. Although there's always space for improvement but overall it's really amazing in very short time. The assembly was not only a testament to his growth but also to the effort and guidance you have provided to all the students.

We also want to commend the entire class for their remarkable performances. Each student showed great enthusiasm and confidence, and it was evident that they had worked hard under your leadership. It's clear that their efforts and your dedication have created a supportive and encouraging environment for them to thrive.

Thank you for your continued hard work and for giving the students such wonderful opportunities to showcase their talents. We are truly fortunate to have you as part of our children's educational journey. Hope you and the entire primary department always encourage to your all students and give them these kind of opportunities frequently as they will do remarkable things. Once again, thanks a lot to you and the entire WSS family 🥰❤️.

Warm regards,  
Parents.

Dear Sir (Mr. Dhayan Chand)

Special thank you to you Sir for making this assembly a wonderful show and giving our children the opportunity to be a part of this event. All the students did a wonderful job on stage with limited time and practice. Their hardwork was clearly seen on the stage. I highly appreciate your support and encouragement in making this event so special and memorable for all of us.

Thank you once again

"At the recent business event which involved the pitching of business plans, I learned several valuable lessons. First, the importance of clear and concise communication became evident. Judges appreciate pitches that get straight to the point while maintaining an engaging narrative. I also realized the significance of preparation; anticipating questions and tailoring the presentation to the judges' interests made a difference. Additionally, I observed the value of adaptability—being able to adjust my pitch on the spot based on feedback. Overall, the experience highlighted the need for confidence and the power of storytelling in business presentations. It also enhanced my practical view on business by encouraging real-world business scenarios."  
-Qazi Hamza Ali Siddiqi, Y11BF

"As a science student, attending the Entrepreneur Express event was an eye-opening experience. I was able to step outside my usual academic focus and explore the dynamics of entrepreneurship and business strategy. It gave me a new perspective on how my analytical skills, networking with peers from different fields allowed me to exchange ideas and learn about interdisciplinary career opportunities. I also gained insights into the importance of effective communication, teamwork, and strategic thinking. Overall, it was a valuable experience that broadened my outlook and enhanced my professional development."

"At the recent business event which involved the pitching of business plans, I learned several valuable lessons. First, the importance of clear and concise communication became evident. Judges appreciate pitches that get straight to the point while maintaining an engaging narrative. I also realized the significance of preparation; anticipating questions and tailoring the presentation to the judges' interests made a difference. Additionally, I observed the value of adaptability—being able to adjust my pitch on the spot based on feedback. Overall, the experience highlighted the need for confidence and the power of storytelling in business presentations. It also enhanced my practical view on business by encouraging real-world business scenarios."

"As one of the lead organizers and a member of the judging panel for Entrepreneur Express, it was an absolute pleasure to witness students' entrepreneurial spirit from Years 11 to 13. Their innovative ideas and projects not only demonstrated creativity but also reflected their ability to collaborate, think critically, and solve real-world problems. It was inspiring to see their passion and collective drive come to life in such a dynamic and supportive environment, showcasing the potential of future leaders and changemakers."
